Company Scrip Code: 542851

Dear Sir/Madam,

Sub.: Gensol order book swells to over Rs. 531 Crores

Ref: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), we would like to inform you that the till 18th September, 2022, Company's order book, to be executed this fiscal and beyond, has swelled to over Rs. 531 Crores for developing various solar power projects with cumulative capacity of over 121 MWp in the states/UTs of Andhra Pradesh, Gujarat, Haryana, Jharkhand, Karnataka, Ladakh, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Tamil Nadu, Telangana and Uttarakhand. Some of the major additions to the Company's esteemed client list are Singareni Collieries Company Limited (SCCL), a coal mining company jointly owned by the Government of Telangana and the Government of India, Braithwaite & Co. Limited (BCL), a leading Engineering Company under the Ministry of Railways and a privately-owned leading manufacturer and supplier of industrial gases, among others.

We request you to take the above information on your records and disseminate the same on your respective websites.

Further in this regard an Investor Release issued by the Company is enclosed herewith for the information of the exchanges.

Yours Faithfully,
For, Gensol Engineering Limited

Anmol Singh Jaggi

“Investors Release”

Gensol has orders worth Rs. 531 Crores in hands

Gensol Engineering Limited (“The Company”) has till 18th September 2022, in normal course of business, closed orders from various reputed clients for the development of solar power projects worth over Rs. 531 Crores. Aggregating to a capacity of over 121 MWp, these projects will be developed in the states/UTs of Andhra Pradesh, Gujarat, Haryana, Jharkhand, Karnataka, Ladakh, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Tamil Nadu, Telangana and Uttarakhand.

Some of the major additions to the Company’s esteemed client list are Singareni Collieries Company Limited (SCCL), a coal mining company jointly owned by the Government of Telangana and the Government of India, Braithwaite & Co. Limited (BCL), a leading Engineering Company under the Ministry of Railways and a privately-owned leading manufacturer and supplier of industrial gases, among others.

Out of the total order book, only two projects are based on the model of Balance of System (BoS), while the balance projects are to be developed through full turn-key EPC model, a fact that testifies to Gensol’s robust end-to-end project execution capabilities. Piquantly, more than 37% of these orders envisage the development of projects in the southern states of AP, Karnataka, Telangana and Tamil Nadu, closely followed by Gujarat at 34%. Similarly, 67% of the total order book needs to be developed over land, while the balance will be raised over the rooftops of the factories of the clients. While the largest size of the project is over 25 MWp, the lowest size is around 80 kWp.

The total value of these projects is pegged at Rs. 5,31,24,16,761 (Indian Rupees Five Hundred and Thirty-One Crores Twenty-Four Lakhs Sixteen Thousand Seven Hundred and Sixty-One Only) exclusive of taxes.

It is worth noting that more than 23% are repeat orders from the existing clients, which is emblematic of the trust that the company has built with its clients through its delivery of high-quality solar assets.

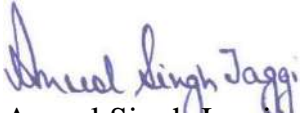

About Gensol Engineering Limited:

Incorporated in 2012, Gensol Engineering Limited is a part of Gensol group of companies, which offer **EPC and solar advisory services**. The company is engaged in providing technical due diligence, detailed engineering, quality control, construction supervision, and other consulting services for solar projects across many countries, including India. Being a **one-stop solution** for a value chain of the solar industry, it provides advisory services to leading project developers, leading institutions, solar EPC companies, and **government policymaker**. Under EPC business, the company manages turnkey engineering, construction and procurement contracts, internationally,

with a team of 200+ engineers. Collectively, Gensol has erected solar power plants of **over 350 MW capacity on ground and rooftops** so far.

Thanking You,
Yours Faithfully,

For, Gensol Engineering Limited
